

Please continue the No Call list as it is. After working all day I only want to talk to family and friends not deal with people who want to sell me things I don't want. If I want them I will go out and buy them or I will contact who I want to buy them from. Please continue the not call list. We unknowingly let it laps until April and I can hardly wait until we are back on. Thank you for hearing my request. Sincerely,

Janet Fischer
